DIRECTIONS:

1. For large tag, use decorative scissors to cut a 3" x 6½" back piece from the Funky Foam, and a 2" x 5" front piece from the Sticky Back Foam. The smaller tag is 2¾" x 4¾" Funky Foam and 2¼" x 3¾" Sticky Back Foam.
2. Place some of the selected stickers around the outer edge of the back piece. Remove the paper backing off the Sticky Foam and center it over the back piece. Press firmly in place.
3. Write your name in the center of the front piece using Ultra Fine Permanent Marker or Glitter Gel Pens.
4. Add stickers to the front foam piece around the name.
5. Use hole punch to make a hole in top corner of the back foam piece. Work the split ring through the hole.
