

BLUE CHAMBRAY FUZZY FLIP FLOPS

SUPPLIES:

- 1 Pair of Flip Flops, Color of Choice (Ours are Lt. Blue)
- 1 Skein Yarn Bee™ Wild Child Eyelash Yarn, Coordinating Color (We used Chambray, SKU #873042)
- Super Glue, SKU #821777

INSTRUCTIONS:

1. Push the end of the yarn down through the back buttonhole of the flip-flop and pull about 2" to the bottom. Wrap the yarn completely around the button. Place a small amount of super glue in the buttonhole to hold the yarn securely.
2. On the top, begin wrapping the yarn around the strap by making a chain of loops. To do this, bring a loop of yarn under the strap. Holding the loop in place, bring the rest of the yarn back over the top of the strap. Bring another loop through the first loop and pull first loop tight. Take the yarn back under the strap pulling another loop through the second loop. Pull the second loop tight, keeping the yarn as snug as possible. The closer the yarn is wrapped, the fuzzier they become. Continue making loops and pulling tight across strap.
3. Cut the yarn and push the end into the buttonhole and glue in place.
4. Repeat for the other shoe.
